Keysightのトップエンジニアがオンライン授業

US	Japan	Theme	Abstract
15-Mar	16-Mar 1:00 AM	Essential tools every electronics lab needs - A Benchtop Bonanza	See how your bench stacks up with the "Essential tools every electronics lab needs" episode. Also, be the first to see a brand-new line of Keysight benchtop gear and an interview with the R&D lead John Kenny on the project.
16-Mar	17-Mar 1:00 AM	Wireless Car Key Showdown - FieldFox Frenzy	How are your RF field testing skills? We test out an urban legend about boosting wireless car key fob signal in the "Wireless Car Key Showdown" episode. Plus, a look at some unconventional RF measurements with Sarah Gross, FieldFox product marketer and RF test expert.
17-Mar	18-Mar 1:00 AM	Oscilloscopes! How to use an Oscilloscope (in-depth tutorial)	Beginners get to learn how to use an oscilloscope, and experts get to pick up some new tips in this day's oscilloscope tutorial. We also chat with Keysight CTO Jay Alexander about the changing world of test & measurement.
18-Mar	19-Mar 1:00 AM	Reasons 5G is the Future	Get a 5G crash course in the "5 Reasons 5G is the Future" episode, and dive deeper into 5G as we sit down with Kailash Narayanan, president of Keysight's Commercial Communications Group.
19-Mar	20-Mar 1:00 AM	Function Generators - DIY or Buy? and Quantum Computing	Can a cheap eBay XR2206 function generator kit stand up against a benchtop function generator? Find out in this "DIY or Buy?" episode. Plus, learn about quantum computing and the state of quantum from Liz Ruetsch, VP and GM of Keysight's Quantum Electronics group.
